THE WEEK PAST.

THERE is more railroad work going on in California at this time than in any other state in the union.

GEN. JOE LANE, who was a candidate for vice president on the Breckinridge ticket in 1860, is living in a small frame house on a spur of Rogue River mountain, in Oregon. He is eighty-three years old.

THE Newport antiquaries have been working away at the Old Stone mill, in hopes of finding a new theory. They are of opinion that it was built by the Noroe freesmasons as a masonic temple, with the symbolic seven pillars. One of their reasons is that the windows are in the east, south and west, and not in the north side at all.

THE ladies have a new way of wearing their veils. They tie them on the back of the hat with a large ornament, the shape of a shell, then tie them around the neck and fasten them on the left side. The effect is odd and conspicuous. It originated at the races, where one of the fair but frail sistershood set the example. It requires a great quantity of tulle to carry out the effect of this eccentric, yet contagious mode.

A LOCOMOTIVE without a furnace has commenced running in Paris on one of the street railways. It has a reservoir of superheated water, which furnishes a constant supply of steam for moving the vehicle. On another line an ordinary steam locomotive is at work. It is like

taining a boiler. The furnace is out of sight, and fed with coke and charcoal.

The description of the furnace is kept up by The draught of the furnace is kept up by a supply of compressed air.

A REMARKABLE and sad romance has been developed in New York. It will be remembered that a servant girl in that city recently accused herself of having poisoned her employer's little son. A post mortem examination since held shows that the self-accusation is false. No traces of poison were discovered, but evidence of organic disease sufficent to cause death was obtained. The servant girl is supposed to be insane, but the mother of the child naturally believes, and probably always will believe, that Boulogne with a large drove of horses, the story is true.

THE HONEST MAN WHO PAY

There is one among the many,
Can you tell me where he stays?
He's an old, old-fashioned party,
Called the honest man, who pays:
Yes—the honest man who pays
Every dollar he may owe,
Keeping up the good old ways
That so many scarcely know.

If he gives his word of promise

'Tis a bond as good as gold;
If he hold a post of honor,
Not a trust is ever sold.
But the honest man who pays
Every debt he may incur,
Yielding cook a just your.

And I'm told this rare old party

Lives—within his income, won
By the fairest, squarest dealing
We see beneath the sun.
And the honest man who pays
Always holds it good and right,
For the rich to help the needy
When the times are tough and tight.

SPECIAL NOTICES. DR. JOHN BULL'S Smith's Tonic Syrup

FOR THE CURE OF FEVER AND AGUE, OR CHILLS AND FEVER.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the safe, speedy and permanent cure of Ague and Fever or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two atter the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order Should the patient, however, require a cathartic medicine, after having taken three or four doses of the tonic, a single dose of Bull's Vegetable Family Pills will be sufficient.

The genuine SMITH'S TONIC SYRUP must right to manufacture and sell the origiville, Ky. Examine well the label on siso for sale. each bottle. If my private stamp is not on each bottle, do not purchase, or you
